

These results tie up yet another Exe Descent, organised by Exeter Canoe Club with support and assistance from YAK Equipment and AS Watersports. Although the November date was chosen by the founding fathers because of the good level of rainfall, something seems to be going very wrong with the weather patterns today. However following somewhat of a deluge the previous weekend, the water levels on the day turned out to be perfectly adequate for our purposes.

Following the pattern established last year all paddlers were required to wear buoyancy aids and helmets and all boats were required to have secondary buoyancy added. Once again all boats were scrutineered before the start, and happily all was in order and no one was prevented form starting.

After a couple of quiet years, this year the entry picked up and some 326 paddlers in 215 canoes and kayaks took to the water on a beautiful but cold Sunday morning. There was the usual carnage at the first weir and following pictures on the TV, the presenter was heard to say that at times it looked more like a swimming race! All the weirs had safety cover in place, so there were no compulsory portages - All the weirs were shootable with care, but there were the usual capsizes and broken boats.

There was intense rivalry and competition in all the classes as the race progressed down the river. None more so than in Senior K1 where Sean Morley and Jimmy Butler were together side by side right until the last weir where the situation was the reverse of a previous occasion and this time it was Jimmy who capsized. In Touring Doubles, always a popular class, there was good competition between several Exeter Crews. In 5A, Senior "Slalom" the winner was Andy Hambly who had been the winner of the novelty Boater Cross invitation event for play boaters held under floodlights at the Mill On The Exe the previous night.

Congratulations to all the winners and thank you to all competitors and their supporters for their general good will and humour. This certainly makes the organisation easier and the whole weekend more pleasant for all. An event of this nature held in deepest November in the quiet Devon countryside cannot go unnoticed and it is always a source of pride how well everyone behaves.

We are once again pleased to have had support from Yak, with special thanks to their rep Pete Ford. Thanks to Mitch and the boys at AS Watersports for dealing with the day to day admin of the entries, to Richard Ward and David Green at the Start. To Mike Carpenter on the Finish Line and to Robin and Dave for translating a higgledy piggedy list, into finished results, to Colin Harrison and Emma for once again setting up the competitors refreshments facilities and to Jenny Carpenter, Glynis Collins and Molly Green for serving the food and drink, to all those members from other groups who gave up their time to pull people from the water, to the ambulance crews and Raynet for their help along the river, to all riparian and land owners and the residents of the area, to those members from Exeter CC who helped at any time over the weekend. Finally to Mick Crispin and Barry Arthurs who did so much both before during and after to make the event possible.

WE HOPE YOU ENJOYED YOUR WEEKEND
PLEASE TELL ALL YOUR PADDLE MATES WHAT A WONDERFUL TIME YOU HAD AND
ENCOURAGE THEM TO ENTER NEXT YEARS RACE WHICH WILL BE ON
SUNDAY 20 NOVEMBER
